# INTRODUCTION

On behalf of our Scientex family and Conference committee, we are happy to invite all our professional scholars, researchers, doctors and beloved students to be a part of the “**2<sup>nd</sup> International Conference on Cancer Science and Therapy**” on **May 15-16, 2023** at **Tokyo, Japan**

The **Cancer 2023** consists of several sessions to present researches in the category of keynote, plenary, poster, exhibitor, workshop, video presentation, e-poster and YRF

The gathering will be oriented on the theme “***Fighting Cancer with a Unified Oncology Research Approach***”

The primary goal of this conference is to invite our attendees to participate the Upcoming Cancer conference **ICCS&T23** scheduled to be held on **May 15-16, 2023** in **Tokyo, Japan**, to share and exchange their knowledge.

We are having B2B networking which will grow business networks for doctors, physicians and business professional.

Join our team Cancer 2023 at this beautiful city of Japan and let's make this professional gathering a Great success.

Regards,  
**Anastasia Ryan**  
Conference Manager  
Cancer 2023

# ABOUT THE EVENT

It is a Global platform for business delegates, B2B meetings, poster presentations, workshops, symposia, networking and more. It will offer a platform wherein you can ensure enormous exposure and networking by exhibiting products and services. Grab the opportunities and share your innovative ideas, new technologies and recent researches.

**Cancer 2023** witness an amalgamation of peerless speakers who enlightened the gathering with their contribution towards the prevention of Cancer Care related difficulties, its effects and treatment on Care Management, Nursing, Patient Care, Hospice care.

The centre of the activity of Cancer 2023 is to produce a clear visual definition by undergoing Oral Presentation, Poster presentation, Workshop, Exhibition, networking and interacting session

With the great support of our Conference Committee members and we are expecting huge response and support from the Cancer Specialists, Oncologists, Radiologists, Gynecologists, Biomedical Departments, Professors, and Students, Cancer Research Universities, Haematologists, Cancer Associations and Societies etc., Young Researchers, Students, Delegates, Directors and other Cancer Care companies to have your gracious presence at our Cancer event and to make this congress a great successful event of the year 2023

Tokyo is a city in the Japan, which is the most populous city in the Japan and the busiest capital of Japan famous for its numerous things to do. We proudly present the **"2<sup>nd</sup> International Conference on Cancer Science and Therapy"** Scheduled to be held on **May 15-16, 2023** at **Tokyo, Japan**.

## Target Audience

- Cancer Care specialists
- Healthcare communities
- Clinicians and researchers
- Oncologists
- Gynecologists
- Physicians
- Radiologists
- Hospice Nurses
- Medical Administrators
- Cancer Associations and Societies
- Specialist Nurses
- Oncology Nurses
- Cancer Research Universities
- Nurses/Midwives
- General Surgeons
- Internal Medicine Specialists
- Healthcare School
- Social Employees

- Business delegates and trade Professionals
- Researchers
- Professors and Students

## Why to attend?

Cancer 2023, provide an International platform to all the Speakers, Delegates, Surgeons, Research scholars, Industrial Professionals, Physical Therapists, Business Entrepreneurs, Training Institutes, Software making to gather in as one as a Medical professionals to share their new technologies, Innovations and Researches.

## 2023 is Going to be Hybrid event!

This Conference will be a hybrid event (There will be Physical conference as well as Virtual conference) As some attendees may not be able to fly due to the pandemic or its economic impacts.

Making the congress more accessible helps us to achieve our mission to elaborate and advance the Cancer research, and to expand the contribution to care for the people. We strongly believe that Cancer 2023 will be a huge success and exceed our expectations extremely.

**Date and time: June 01-02, 2023 | GMT+9**

### TOP REASONS TO PARTICIPATE

- Develop Your Network
- Position Yourself as an Expert
- Meet Experts & Influencers Face to Face
- Gain Targeted Knowledge
- New Tips & Tactics
- Invest In Yourself
- Gain New Collaborations
- Present your Ideas and Work
- Be Inspired
- Travel, Explore and Have Fun!!

### GROUP REGISTRATIONS:

The Group registration benefits, and enrollment details will be shared via email. To avail the discounts and group registration benefits, kindly contact via email. The Group of 5 members or more, will be providing with 15% discount on Registration and accommodation charges.

# CONFERENCE TOPICS

- Cancer therapy and research
- Cancer biology
- Cancer- Types and Causes
- Organ Specific Cancer
- Cancer Imaging Techniques
- Cancer Genomics and Epigenetics
- Cancer Biomarkers
- Stem Cell and Cancer Therapy
- Cancer Biopsy & Surgical Cancer
- Cancer Drugs Market
- Cancer Prevention
- Cancer Nanotechnology
- Cancer Pharmacology & Immunology
- Neuro Oncology
- Radiation Oncology
- Oncology Nursing and Care
- Clinical Trials of cancer
- Diagnosis & Treatment of cancer

# CONFERENCE SCHEDULE

DAY  
01

MONDAY - MAY 15, 2023

08:55-09:00	Registration
09:00-09:15	Opening Ceremony and Introduction
09:15-10:30	Keynote Session
10:30-10:50	Refreshment Break
10:50-12:30	Break Out Session
12:30-13:30	Lunch
13:30-15:00	Break Out Session
15:00-15:30	Refreshment Break
15:30-17:00	Break Out Session

DAY  
02

TUESDAY - MAY 16, 2023

09:00-10:30	Keynote Session
10:30-10:50	Refreshment Break
10:50-12:30	Break Out Session
12:30-13:30	Lunch
13:30-15:00	Break Out Session
15:00-15:30	Refreshment Break
15:30-17:00	Break Out Session

## **Cancer 2023 features:**

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists' representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

## **Main Reasons to be a part of the conference:**

- Strengthen your network
- Great chance to be a part of expert gathering Worldwide
- Acquire designated Expertise
- Spot yourself as an Expert
- Explore new Innovations
- Exchange your Ideas
- Achieve new Sponsors and Collaborations
- Share your Recent research and innovations
- Explore Tokyo City with your friends and family

Tokyo, historically Edo (until 1868), is the city and capital of Japan. It's on the Pacific coast of central Honshu, at the head of Tokyo Bay. It is the centre of the huge Greater Tokyo metropolitan area, Japan's largest urban and industrial agglomeration. Tokyo has been inhabited since ancient, with Edo, a small fishing village, being there for ages. Edo did not develop into a metropolis until the Tokugawa period (1603–1867), when it became the Tokugawa shogunate's capital. The imperial family, on the other hand, remained in Kyoto, the ancient imperial capital, during this time. The capital was moved to Edo during the Meiji Restoration of 1868, which abolished the shogunate. Tokyo, which means "eastern capital," was given to the city. Since the 17th century, Edo has been Japan's largest city. In the late 19th century, Tokyo's population surpassed one million, and as Japan's political, economic, and cultural centre, it developed to become one of the world's most populous cities in the twentieth century. The city is a major wholesale centre, with items arriving from all around the country and the world. Tokyo is Japan's largest cultural centre, as well as the country's primary transportation hub and an important worldwide traffic center. Tokyo Sky Tree is a broadcasting and telecommunications tower in Tokyo. It is also recognized as Tokyo Skytree. At the time of its opening on May 22, 2012, it was the world's second tallest structure, after the Burj Khalifa in Dubai, with a height of 2,080 feet (634 metres). Tokyo Sky Tree is also the tallest freestanding building in the world. Today, travellers to Tokyo have an almost limitless selection of shopping, entertainment, culture, and food options.

The city's history can be found in districts like Asakusa, as well as other renowned museums, historic temples, and parks. Contrary to popular belief, Tokyo has a lot of attractive green spots both in the city centre and on the outskirts, all of which are accessible by rail. A growing number of venues in Tokyo, from cafés to railway stations to airports, provide high-speed Internet access via free Wi-Fi. Where services are available, Wi-Fi logos are displayed.

# ENROLL YOURSELF

Registration type	Early Bird		Mid-Term		Final Call
